

✨ TNSDC NAAN MUDHALVAN PROJECT ✨

STUDENT NAME: RAKSHITHA.V

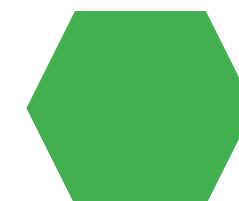

REGISTER NO: 222411306

NMID: asunm1737222411306

DEPARTMENT: COMPUTER SCIENCE

COLLEGE: VIVEKANANDA VISION ARTS & SCIENCE COLLEGE

UNIVERSITY: UNIVERSITY OF MADRAS

PROJECT TITLE

DIGITAL PORTFOLIO

AGENDA

1. Problem Statement
2. Project Overview
3. End Users
4. Tools and Technologies
5. Portfolio design and Layout
6. Features and Functionality
7. Results and Screenshots
8. Conclusion
9. Github Link

PROBLEM STATEMENT

In today's digital age, traditional resumes and paper-based portfolios are often not enough to showcase an individual's full range of skills, creativity, and accomplishments.

Employers, educators, and clients increasingly expect an accessible, engaging, and interactive way to view a person's work. Many students and professionals struggle to present their achievements effectively, leading to missed opportunities.

PROJECT OVERVIEW

1. **Keep it up-to-date:** Regularly update your portfolio with new projects, skills, and experiences.
 2. **Make it easy to navigate:** Use clear and intuitive navigation to help visitors find what they're looking for.
 3. **Use high-quality visuals:** Incorporate high-quality images, videos, and graphics to showcase your work.
- Use your portfolio to tell the story of your career, skills, and experiences.

WHO ARE THE END USERS?

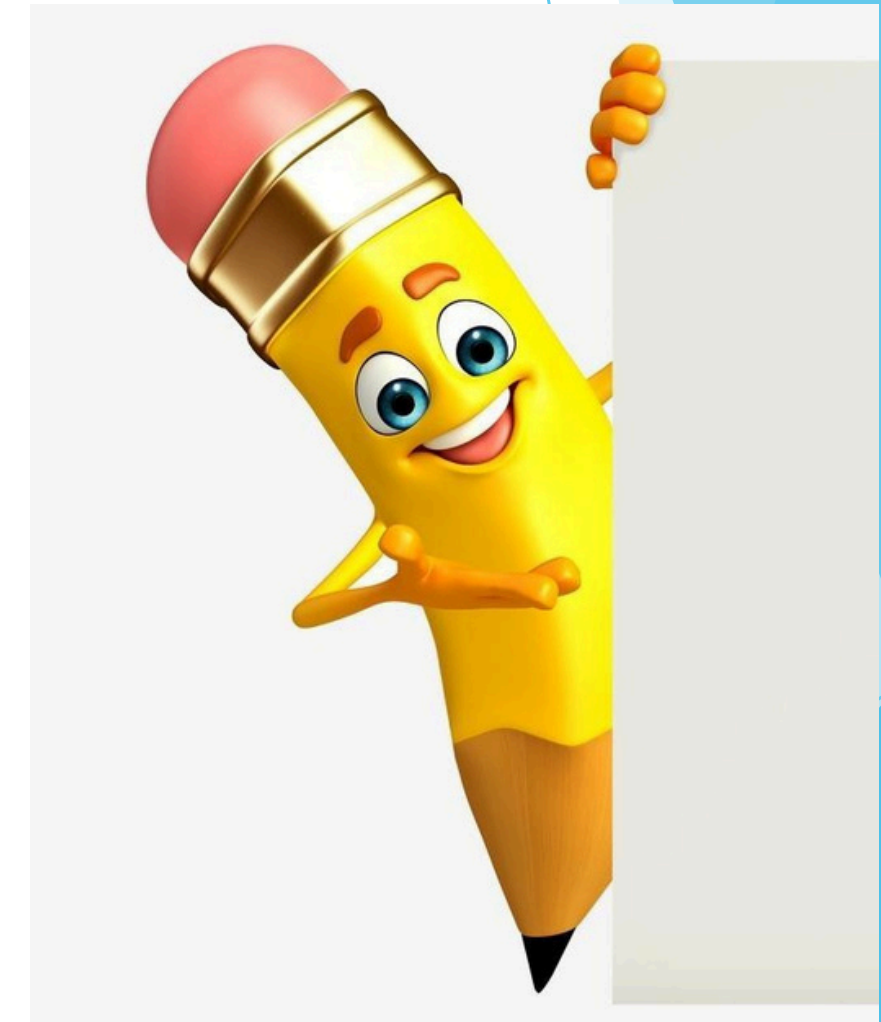

- Teachers (for grades)
- Recruiters (for jobs)
- Peers/Clients (for collaboration/use)
- Yourself (for career growth tracking)

TOOLS AND TECHNIQUES

- **HTML → Structure (pages, sections).**
- **CSS → Styling (colors, layouts, responsiveness).**
- **JavaScript → Interactivity (navigation menu, animations, form validation).**

POTFOLIO DESIGN AND LAYOUT

- Use grids or templates to maintain alignment.
- Keep text concise; visuals should convey most information.
- Ensure mobile-friendly design if online.
- Maintain balance: equal spacing between text, images, and graphics.

FEATURES AND FUNCTIONALITY

- **Menu or sidebar for easy section access.**
- **Hyperlinks to different sections (Research → Implementation → Results).**
- **Quick navigation improves user experience.**
- **Consistent fonts, colors, and layouts for readability.**
- **Embedded videos (demo, walkthrough, or tutorial).**
- **Animation for process explanation.**

RESULTS AND SCREENSHOTS

Welcome to My Portfolio

Hello, I'm Rakshitha.

About Me

As a student in this course I will explore briefly describe the core topics. This course is designed to provide the understanding of the concepts in this field.

My Projects

Project 1

portfolio.

Contact

CONCLUSION

- Information Collection – Gathered all personal, academic, and professional details to be displayed in the portfolio.
- Design & Layout – Created a simple, attractive, and user-friendly design for better presentation.
- Implementation – Developed portfolio pages (Home, About, Projects, Skills, Contact) using suitable tools/technologies.
- Testing – Checked the portfolio for navigation, responsiveness, and clarity of information.
- Result – Successfully built a digital portfolio that highlights achievements, skills, and projects in an organized manner.
- Outcome – The portfolio fulfills its objective of serving as a professional tool for academic evaluation and career opportunities.
- Final Note – The project enhanced technical, design, and presentation skills while creating a platform for future growth.
